Project for Supporting Lepers' Families

Reaching Out to Families in Need

In February 2024, a dedicated team of FAMIN volunteers, Ramesh, Vijay, and Reuben, embarked on a mission to bring aid to 72 families residing in a Bharathiyar Nagar, Leper's colony in Dharmapuri.

Delivering Essential Support

Understanding the daily struggles faced by these families, FAMIN distributed grocery bags containing essential items like rice, oil, atta (wheat flour), salt, glucose powder, turmeric powder, and chili powder. These provisions aimed to alleviate some of the immediate burdens on these households.

Spreading Hope and Gratitude

The FAMIN team also took the opportunity to connect with the families on a personal level. Ramesh, Vijay, and Reuben delivered a heartfelt speech expressing FAMIN's commitment to supporting those in need. The recipients expressed their sincere gratitude for the thoughtful donations and the time taken to visit their community.

A Call to Action

FAMIN's mission thrives on the generosity of our supporters. Thanks to your contributions, we were able to bring a sense of relief and hope to these families. We invite you to continue supporting FAMIN's endeavors as we strive to empower underprivileged communities across India.
